

Apps to make Cabinet Vision work for you.

Oversize Small Parts for CNC - What's Included

System Parameters that show in Job Notes...

1. Minimum Cut Size (DX)
2. Minimum Cut Size (DY)

The UCS included in the package re-sizes small parts to meet your minimum sizes on the CNC. It also adds a comment to your part so after it's edge banded, the factory guys know what the finished size is.

Automated Part Comment - Shown here on the part label...
